Theme 3:

Light Pollution - loss of the night sky

Light is a necessary part of our daily lives. For millennia our ancestors were able to see the night skies. Are we in danger of losing this? Does it matter? Does it have cultural implications if we can no longer see the stars? Will our future be one where only a privileged few can see the stars?

We have assessed:

Please list up to five points of assessment:

We claim: *Please list up to five claims:*	Accepted during debate?
	yes ☐ no ☐
	yes ☐ no ☐
	yes ☐ no ☐
	yes ☐ no ☐
	yes ☐ no ☐

After our debate we changed claim(s) as follows:

Please explain briefly the changes made (max. 500-1000 words).

Please list the working group members
